Automatic Wire Closer
with Smart Detect System

Automatically Detects & Closes All Wire Sizes!

Smart Detect System
Automatically detects and closes different sized wires with a simple press of a button.

Built-In Safety Sensor
The safety sensor is built into the closing system for safe and trouble-free closing without risk of injury.

LCD Control Panel
The LCD display and Micro-Adjust keypad guarantees a perfect closure with all wire types and brands.

3:1 or 2:1 Pitch
Compatible with all 3:1 and 2:1 wires, up to 1-1/2".
The Akiles FlexiCloser is the world's first Automatic Wire Closer with the Smart Detect System. The unique Smart Detect System allows the FlexiCloser to automatically detect and close 3:1 or 2:1 wires with the simple push of a button.

**Smart Detect System**
The closing plate automatically detects the wire size and adjusts the closing pressure as needed.

**Safety Sensor**
The built-in safety sensor provides safe and trouble-free closing, without risk of injury.

**Built-In Wire Holder**

**LCD Control Panel**
Easy to read display and touch sensitive buttons make the machine easy to operate.

**Magnetic Back**
Aligns and holds the wire securely in place during the closing process.

**FlexiPunch Mount**
Optional mount allows the FlexiCloser to be mounted on top of our FlexiPunch Modular Punch Machine.
