Heavy Duty Modular Punch with Interchangeable Die Feature

An affordable punch system with the flexibility & reliability you demand

Punches 20-25 Sheets Per Lift!

FlexiPunch-E
(Electric Version)

Choice of 4 Die Sets
- Coil 4:1
- Wire 2:1
- Wire 3:1
- Comb

Quick Die Change Design
Easily change from one punch pattern to another within seconds, no tools needed!

Fully Disengageable Pins
Each punching pin is easily disengageable, guaranteeing a clean punch for any paper size.

Adjustable Depth Margin
This key feature provides an optimal depth margin for each book thickness.
FlexiPunch is a versatile modular punching machine with an affordable price that gives you the binding options you need in everyday work. You can do a coil binding job, and minutes later squeeze in a wire or comb binding die sets of this machine will last for years of production. One die set of your choice is provided with the unit.

**FEATURES**

- **High Volume Punch Capacity:** Up to 20-25 sheets of 20lb paper per cycle. Foot pedal operated on electric model.
- **Heavy-duty Motor & Gearbox (electric model):** Provides more than enough punch power for all die sets.
- **Interchangeable Die Sets with Quick Die Change Design:** Easily change from one punch pattern to another within seconds, no tools needed!
- **Fully Disengageable Pins on all Dies:** Allows punching of all paper sizes without partially punched holes at either end.
- **Choice of 4 Different Punch Dies:** Choose from Comb (rectangular holes), Wire 2:1 (square holes), Wire 3:1 (square holes) and Coil 4:1 (0.2475") (round holes).
- **Adjustable Depth Margin:** Available for all punch dies, this key feature provides the correct punch margin depth for each element or book size.
- **12" Single Punch Length with Open Ends:** Enables easy punching of Letter or A4 sizes, as well as even longer sheet sizes.
- **Built-in Anti-Jam (Reverse) Feature:** When sheet overload is detected, machine automatically retracts and stops punch operation to avoid downtime.
- **Rugged Heavy-Duty Design:** All metal construction, including heavy cast side plates. Non-skid feet.

Switching Die Sets is as easy as 1-2-3!

**Suggested Supplemental Modules**

We offer a variety of supplemental modules to the FlexiPunch, that will help you complete your binding jobs faster and easier.

Shown at right on top of the FlexiPunch-E is our Finish@Coil E1 Coil Inserter/Crimper module. This combination is the world’s first to allow an operator to punch the sheets, insert & crimp coils (sizes 6mm-50mm) all by electrical power! Similar modules are available for wire binding (WBM532) and comb binding (CBM650) as well.
